

What's included in the set

Crochet Hook

Yarn

Yarn Needle

Polyfil, filling material

Safety eyes

Decorative yarn

Instructions

- Special Tip: When crafting amigurumi, it is recommended to opt for a crochet hook size smaller than the one suggested on the yarn. This decision will yield tighter stitching, enhancing the overall result.
- This is a DIY craft, not a toy.
- This set is designed to create a single item.
- Not suitable for kids under 3 years and pets.

THIS IS NOT A TOY

NOT a toy for kids under 3 years,
and NOT for pets

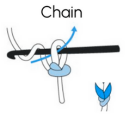

HANDMADE IN SAMMAMISH – WA – USA

Stitch Types and Descriptions

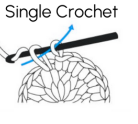

Slip Knot: Make a circle with the yarn, with the tail on top. Enter in the circle from top, hold from the middle of the tail and pull a loop through the circle. Place your hook in the small loop and gently pull the tail to close the loop. The closed loop on your hook is your skip knot.

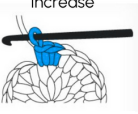

Chain (ch): Put your hook inside the slip knot. Wrap your yarn around the hook, pull the yarn through the loop on your hook. This is a chain, counts as a stitch, it looks like a "v".

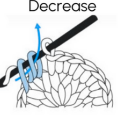

Single Crochet (sc) : Insert your hook under the stitch that looks like a "v". Wrap your yarn around your hook and pull the yarn through. Now you have two loops on your hook. Wrap the yarn around your hook again and pull working yarn through 2 loops on your hook, so you have 1 loop left on your hook and you just did your single crochet.

Increase (inc): Make 2 single crochet inside the same stitch.

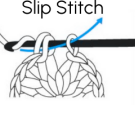

Decrease (dec): Put your hook under 1st stitch and pull a loop, put your hook under 2nd stitch and pull another loop. You will have 3 loops on your hook. Wrap the working yarn around your hook and pull through all loops on your hook.

Invisible Decrease: Similar to a decrease, but looks better. Put your hook under one arm of "v"-the arm that's closer to you. Do the same for the next stitch. Pull your working yarn under both of these loops. Wrap your working yarn on your hook and pull through both loops on your hook.

Slip stitch (ss): Insert your hook under the "v" pull the yarn through the loop, as well as the loop on your hook, all in one move.

Double Crochet (dc): It is a 2-stage stitch. First wrap yarn around your hook, make a sc, only pull 2 loops on your hook to end your sc. Then wrap your yarn around hook and pull through 2 loops left on your hook.

Half-Double Crochet (hdc): start like DC, pull all 3 loops at once.

Triple Crochet (tc): It is a 3-stage stitch. Wrap yarn 2 times around your hook, make a sc, only pull 2 loops on your hook similar to DC, repeat 3 times to finish the triple crochet.

Stitch Types and Descriptions

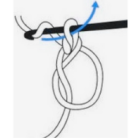

Magic Ring (MR): Hold your yarn and pull a long tail. Make a circle with the tail and hold the intersection of the tail and the circle. Going inside the circle with your hook, pull a loop from the working yarn through the circle and make a chain over the circle and tail. Make similar stitches: going inside the circle with your yarn, pull a loop from working yarn and make a stitch closing these two-loops over your hook. This is a single crochet (sc) around the magic ring. Repeat the number of sc suggested in your pattern, Note that all sc has to be over both circle and tail of the yarn. (Tip*: try to keep the circle and the tail at the same place, do not roll one over the other)

Once finished, mark your first stitch -the one you did first- under the "V" with your stitch marker. Make sure all "v"'s are facing outside of the ring. Gently pull the tail end of the yarn. This will close your magic ring. If you feel resistance repeat the process, ensuring that you follow the tip* above.

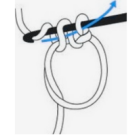

Color change: Start your regular stitch, when you have 2 loops on your hook leave a short end and cut your working yarn. Take the new color and pull that through 2 loops on your hook. Behind your work, tie the 2 small ends of these yarns to each other so they do not untie. You will still have your old color appear on this stitch, but for the next one you are ready with your new color.

Fasten Off/Close: Cut the yarn, pull one end of the loop on your hook to finish your work. If there is an opening on your work, use a yarn needle and sew the stitches going through one leg of the "v" stitches and close.

Magic Ring-1

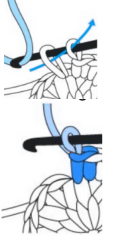

Magic Ring-2

Magic Ring-3

Color Change-

Let's make Fluffy

Start with white yarn.

- R1- sc6 in MR (6)
- R2- inc.x6 (12)
- R3- (sc1, inc) x 6 (18)
- R4-(sc2, inc) x 6 (24)
- R5- sc 24 (24)
- R6- sc 24 (24)
- R7- sc 24 (24)
- R8- sc 24 (24)

Attach the eyes between R6 and R7. Sew on the nose between eyes.

Change color in the last sc. Continue with the colored yarn-for hat.

- R9- BLO sc 24 (24)
- R10- sc 24 (24)
- R11- (sc2, dec) x 6 (18)
- R12- (sc1, dec) x 6 (12)

Stuff Fluffy. Stuff more.

Add more stuffing, fasten off and close.

Attach the yarn anywhere on the FLO of R9. Make a chain. Continue making HDC on the FLO of each stitch of R9. Finally ss and fasten off.

Make a mini pompom -Start with a Yarn Piece, 5 inch long. Place the piece of yarn between your two fingers.

-Wrap the Yarn: Wrap yarn, from your ball of yarn over your two fingers multiple times.

-Tie the short yarn piece: Cut the ball of yarn, then tie the short piece tightly

between your fingers around the wrapped yarn.

-Cut the Loops: Cut the loops at the ends of the yarn. Shape the pom-pom into a ball by fluffing and trimming any uneven ends.

That's it! You've made a mini pom-pom! Attache it to the top of the hat and make a knot, hide the ends inside Fluffy.

Abbreviations

- MR: Magic Ring
- sc : Single Crochet
- dc: Double Crochet
- inc : Increase
- dec: Decrease
- ss : Slip stitch
